

FAMILY PORTRAITS

Our fun, informal portrait sessions are a wonderful way to remember your holiday and create some unforgettable images of your family.

Do you think you would enjoy spending an hour or two in a boring, windowless studio?. No, me neither!. That's why We come to **your** holiday location and photograph your family in a variety of charming and memorable outdoor locations. Your images will be full of life and will show the gorgeous light and colours of the Algarve.

There is no limit on how much time we spend together, it's controlled entirely by you. Typically though, a photo session will last around 2 hours.

Once the photo shoot is completed, we then spend several hours in the "digital darkroom" editing all the best images by hand. We use several professional software applications, including Photoshop, to ensure every selected image looks its very best.
